**Dear Friend:**

The Knee Deep Club along with the Brewery Collectibles Club of America will be sponsoring its Fifth Annual fishing outing for our disabled veterans on July 27, 2019 with a rain date of July 28 at Lee's County Park, Lake Hopatcong. The order of the day is the Four F's **Fishing - Fun - Food - Friends**

The day begins at 8am with registration, followed by coffee, bagels, all sorts of breakfast goodies and T-Shirts commemorating the day will be distributed. Then around 9 am we will start loading our pontoon boats for fishing with our veterans along with a captain and first mate to help. There will be plenty of Knee Deep members to help board and de-board any veterans. About two or three veterans per boat, all bait, fishing poles and fishing license will be supplied. Depending on the amount of veterans, they will be fishing for about 3 hours. While the veterans are fishing there will be a scenic boat tour of the lake for the families of these veterans.

At about 1:00 pm the Brewery Collectibles Club will be cranking out hot dogs, hamburgers and other tasty treats from the grills along with salads, chips and soft drinks. To round out a perfect day there will be cake, and other tasty deserts. Gifts will be given out to all disabled veterans.

A committee of Knee Deep Trustees has reached out to local businesses for donations; they have donated refreshments, prizes and even down to the worms for the bait. A program is printed up with the day's events and schedule, in addition to a page dedicated to those businesses that have made some sort of donation to make this day special. This day is our way ( BCCOA & KDC ) along with those sponsors of giving back to those who gave so much and continue to give their all for this country and our freedom.
